

3RD OTTAWA

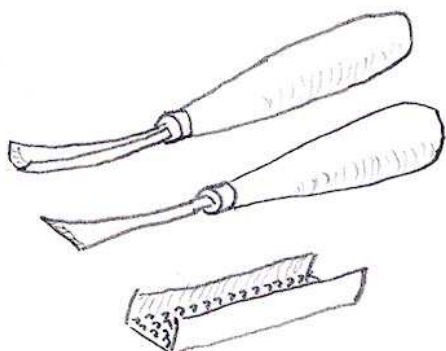

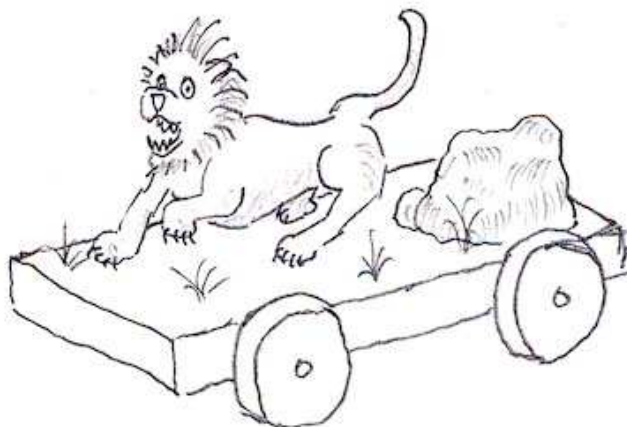

KUB KAR DESIGN - 2012

COMPLEX DESIGNS

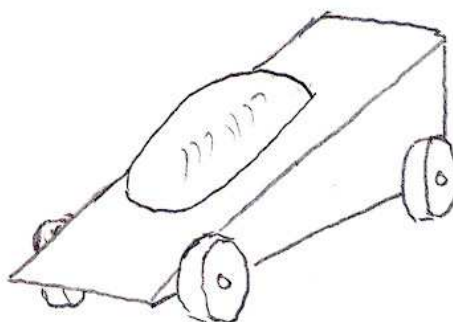

SOMETIMES WE GET CUBS WHO ASK US TO CUT OUT VERY COMPLICATED DESIGNS SUCH AS FOUR-LEGGED ANIMALS, INTRICATE CHINESE DRAGONS OR HARPSICORDS. THESE ARE SIMPLY NOT VIABLE FOR US AS WE ONLY HAVE A LIMITED AMOUNT OF TIME TO CUT OUT ALL OF THE CUB CARS. IF YOU WANT, FOR INSTANCE, A CAR WITH A LION ON IT, YOU HAVE SOME OPTIONS:

ALTERNATE MATERIALS: YOU CAN BUY A PLASTIC LION OR MAKE ONE OUT OF PLASTECINE, AND GLUE OR OTHERWISE AFFIX IT ONTO A FLAT BASED CAR.

WOODCARVING: WITH THE HELP OF A PARENT, YOU CAN PURCHASE WOOD CARVING TOOLS AND SCULPT THE WOOD OF YOUR CAR BY HAND.

DESIGN MODIFICATION: YOU COULD MODIFY THE DESIGN OF YOUR CAR TO A SIMPLER, MORE AERODYNAMIC OFFERING.

THESE RULES MUST APPLY AT ALL TIMES:

1. THE BOTTOM OF THE CAR MUST BE MADE WITH WOOD.
2. THE CAR CAN WEIGH NO MORE THAN 142 GRAMS (5 OUNCES)
3. THE CUB CAR WHEELS MUST BE USED, NO BEARINGS OR OTHER MODS
4. ENGINES OR OTHER PROPULSION ARE NOT PERMITTED.
5. THE WIDTH OF THE BASE OF THE CAR MUST STAY THE SAME AS THE KIT CAR.
